

Model	Picture	Specs	Advantages	
MG1303		<p>Display part Size: 13.3 inches 1080P conventional The best resolution: 1920x1080@60Hz Screen type: IPS Touch support: 10-point touch Surface technology: full bonding of tempered glass Screen brightness: 250/300cd/m sRGB color gamut: 75/100% WiFi wireless part: 2.4GHz and 5GHz network automatic recognition 2.4GHz connection speed: 480Mbps 5GHz connection speed: 900Mbps</p>	<p>Charging/power supply part charging Power supply protocol: PD (two-way PD fast charge) PD input: 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C②): DC5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C③): DC5V/2A Appearance part size: 310 (length) x200 (width) x9.4 (thickness) mm Net weight: about 850g (without leather case) Wall mount: 75x75mm VESA standard wall mount hole Battery capacity: 10500mAh lithium battery</p>	<p>CNC all aluminum alloy body Support wired/wireless dual mode display The projection effect is clear and smooth Support multi-system touch: Android/win10/MAC OS tempered full fit, surface coating process, smooth sliding, high color gamut panel, delicate screen Built-in stereo speakers, excellent sound quality Built-in 10500mAh large capacity lithium battery Supports up to 45W PD fast charge</p>
MG1567		<p>Display part Size: 15.6-inch 1080P conventional The best resolution: 1920x1080@60Hz Screen type: IPS Touch support: 10-point touch Surface technology: full bonding of tempered glass Screen brightness: 250/300cd/m sRGB color gamut: 75/100% WiFi wireless part: 2.4GHz and 5GHz network automatic recognition 2.4GHz connection speed: 480Mbps 5GHz connection speed: 900Mbps</p>	<p>Charging/power supply part charging Power supply protocol: PD (two-way PD fast charge) PD input: 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C②): DC5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C③): DC5V/2A Appearance part size: 352(length)x228(width)x9.4 (thickness)mm Net weight: about 1080g (without leather case) Wall mount: 75x75mm VESA standard wall mount hole Battery capacity: 10500mAh lithium battery</p>	<p>CNC all aluminum alloy body Support wired/wireless dual mode display The projection effect is clear and smooth Support multi-system touch: Android/win10/MAC OS tempered full fit, surface coating process, smooth sliding, high color gamut panel, delicate screen Built-in stereo speakers, excellent sound quality Built-in 10500mAh large capacity lithium battery Supports up to 45W PD fast charge</p>
MG1568		<p>Display part Size: 15.6-inch 1080P 2.5D The best resolution: 1920x1080@60Hz Screen type: IPS Touch support: 10-point touch Surface technology: 2.5D tempered glass fully bonded Screen brightness: 250/300cd/m sRGB color gamut: 75/100% WiFi wireless part 2.4GHz and 5GHz network automatic recognition 2.4GHz connection speed: 480Mbps 5GHz connection speed: 900Mbps</p>	<p>Charging/power supply part charging Power supply protocol: PD (two-way PD fast charge) PD input: 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C②): DC5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C③): DC5V/2A Appearance part size: 355 (length) x217 (width) x110 (thickness) mm Net weight: about 906g (without leather case) Wall mount: 75x75mm VESA standard wall mount hole Battery capacity: 10500mAh lithium battery</p>	<p>2.5D coated tempered touch glass silk smooth It is more comfortable than the narrow side design CNC all aluminum alloy body Support wired/wireless dual mode display Support multi-system touch: Android/win10/MAC OS tempered full fit, surface coating process, smooth sliding, high color gamut panel, delicate screen Built-in stereo speakers, excellent sound quality Built-in 10500mAh large capacity lithium battery Supports up to 45W PD fast charge</p>
MG1569		<p>Display part Size: 15.6 inches 4k 2.5D The best resolution: 3840x2160@60Hz Screen type: IPS Touch support: 10-point touch Surface technology: 2.5D tempered glass fully bonded Screen brightness: 250/300cd/m sRGB color gamut: 75/100% WiFi wireless part 2.4GHz and 5GHz network automatic recognition 2.4GHz connection speed: 480Mbps 5GHz connection speed: 900Mbps</p>	<p>Charging/power supply part charging Power supply protocol: PD (two-way PD fast charge) PD input: 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C②): DC5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C③): DC5V/2A Appearance part size: 355 (length) x217 (width) x110 (thickness) mm Net weight: about 906g (without leather case) Wall mount: 75x75mm VESA standard wall mount hole Battery capacity: 10500mAh lithium battery</p>	<p>2.5D coated tempered touch glass silk smooth It is more comfortable than the narrow side design CNC all aluminum alloy body Support wired/wireless dual mode display Support multi-system touch: Android/win10/MAC OS tempered full fit, surface coating process, smooth sliding, high color gamut panel, delicate screen Built-in stereo speakers, excellent sound quality Built-in 10500mAh large capacity lithium battery Supports up to 45W PD fast charge</p>
MG156P		<p>Display part 1080P without delay The best resolution: 1920x1080@60Hz Display size: 344.2x193.6mm Screen type: IPS Touch support: 10-point touch Surface technology: 2.5D tempered glass fully bonded Screen brightness: 250/300cd/m sRGB color gamut: 75/100% Wireless part millimeter wave communication</p>	<p>Charging/power supply part charging Power supply protocol: PD (two-way PD fast charge) PD input: 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C②): DC5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C③): DC5V/2A Appearance part size: 355 (length) x217 (width) x110 (thickness) mm Net weight: about 906g (without leather case) Wall mount: 75x75mm VESA standard wall mount hole Battery capacity: 10500mAh lithium battery</p>	<p>Support 1080P wireless video transmission without delay 2.5D coated tempered touch glass silk smooth It is more comfortable than the narrow side design CNC all aluminum alloy body Support wired/wireless dual mode display Support multi-system touch: Android/win10/MAC OS tempered full bonding surface coating process smooth sliding, high color gamut panel, delicate screen Built-in stereo speakers, excellent sound quality Built-in 10500mAh large capacity lithium battery Supports up to 45W PD fast charge</p>
MG156Z		<p>Display part 4K without delay The best resolution: 1920x1080@60Hz Display size: 344.2x193.6mm Screen type: IPS Touch support: 10-point touch Surface technology: 2.5D tempered glass fully bonded Screen brightness: 250/300cd/m sRGB color gamut: 75/100% Wireless part millimeter wave communication</p>	<p>Charging/power supply part charging Power supply protocol: PD (two-way PD fast charge) PD input: 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C②): DC5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A Output (USB-C③): DC5V/2A Appearance part size: 355 (length) x217 (width) x110 (thickness) mm Net weight: about 906g (without leather case) Wall mount: 75x75mm VESA standard wall mount hole Battery capacity: 10500mAh lithium battery</p>	<p>Support 1080P wireless video transmission without delay 2.5D coated tempered touch glass silk smooth It is more comfortable than the narrow side design CNC all aluminum alloy body Support wired/wireless dual mode display Support multi-system touch: Android/win10/MAC OS tempered full fit, surface coating process, smooth sliding, high color gamut panel, delicate screen Built-in stereo speakers, excellent sound quality Built-in 10500mAh large capacity lithium battery Supports up to 45W PD fast charge</p>
